## Notes and Comments:

This user, named 'Sample' is provided with the database and is accompanied by examples of how the database can be used. There is additional personal sample data on the medication regimen, medical conditions and time-series activity measures screens. There are several tabsets with examples of how you can use tabsets and tabs to organize your data. You are free to add, edit, copy and delete the sample data as you wish. It is just that - sample data - [and can always be restored to its original state.](#)
